- Approvals in place for 30m A & B Double Vehicles up to 85 tonnes
- Fully sprinklered warehouse with centralised estate fire system to reduce operational expense and land requirements
- NBN available with internal fibre optic network to your door
- Connection to high pressure gas main available

The estate is ideal for “last mile”, logistics, cold store, aerospace and manufacturing businesses.

Transition provides 24/7 operation and a wide range of flood free sites to accommodate buildings from 2,500sqm to 50,000sqm GFA and up to 50 metres in height. Archerfield Airport Corporation can Design & Construct buildings to suit your requirements with flexible site layouts and leasing options available.

This convenient site brings all of South-East Queensland within easy reach via B-Double routes. The close proximity to major sea port and rail freight terminals puts all of Australia, and indeed the world, at your doorstep.
