

GAWLER Leading Edge Telecoms Gawler

Leading Edge Telecoms Gawler

Sold

At a Glance:

- Trading for 18 years
- No additional staff required
- Strong brand recognition
- Fully equipped store
- Good returns

Established in 2006, Leading Edge Telecoms Gawler, a Telstra TeleChoice store, benefits from the renowned brand recognition of Telstra, Australia's telecommunications leader. This affiliation grants access to exclusive products, deals, and competitive plans, ensuring the store remains a top choice for customers.

Located in Gawler's main street shopping area, the store enjoys high visibility and foot traffic, contributing to a steady flow of sales and new opportunities. With 18 years of operation, it has cultivated a loyal customer base through excellent service and telecom expertise.

The new owner will inherit a fully equipped store with existing operational systems, ensuring a smooth transition. Operating 5.5 days a week with no staff, it's easily manageable for a single owner, offering efficiency and autonomy.

Beyond TeleChoice's brand strength, the new owner gains access to a robust support network for training, marketing, and operations. Originally a Telstra dealership, the transition to TeleChoice occurred in June 2023, providing a clear path for future growth and profitability.

Leading Edge Telecoms Gawler offers a lucrative opportunity in the telecommunications sector, ideal for individuals or groups seeking a proven business model and strong brand affiliation.
